Rx

No.	Medicine	Dose	Frequency	Duration	Instructions
1	Inh. Foracort 200	6/200 mcg	Twice daily	30 days	Rinse mouth after use
2	Inh. Asthalin 100	100 mcg	SOS (as needed)	30 days	Max 4 puffs/day
3	Tab. Augmentin 625	625 mg	Twice daily	5 days	After food — complete full course
4	Tab. Pantop 40	40 mg	Once daily	10 days	Empty stomach
5	Inh. Duolin	0.5mg/2.5mg	Thrice daily	7 days	Via nebuliser only

Advice & Instructions

- Use Foracort daily even when feeling well — it is a PREVENTER, not a reliever.
- Use Asthalin ONLY when breathless — it is the RELIEVER inhaler.
- Complete the full Augmentin course — do not stop early even if feeling better.
- **ALLERGY ALERT:** Patient reports allergy to Penicillin — inform pharmacist.
- Rinse mouth thoroughly after every Foracort dose to prevent oral thrush.
- Review in 4 weeks; sooner if breathlessness worsens or fever persists.

Next Visit: 4 weeks

Signature & Stamp

Valid for 30 days. Dispense as written. Keep medicines out of reach of children.
